Washington, D.C. 20505

Dear [redacted]

I am most pleased to learn that Mr. Paul Walsh will come to Durham to be a guest speaker for History 697, section 2.

This is a senior History major colloquium on a special topic: espionage in history. The course has 16 or 17 students, all History majors at UNH. The students know that a guest speaker is coming but they will not know any details until the speaker appears in class on November 6th, Thursday, 2-4PM in the Social Science Center, Rm 445, 4th floor. There will be no publicity.

My goals in this advanced history course are: to enable students to view intelligence and espionage in historical perspective; to view major issues in these fields from several points of view, both national and international; and to learn methods of oral and written presentations of research projects, specifically using cases from the history of intelligence.

I am pleased that Mr. Walsh will come to participate in our course and I will attempt to make sure that the question and answer period following his talk will be stimulating and consonant with a professional approach to learning and free inquiry.

I have reserved a room for Mr. Walsh at Adams Residential Tower, New England Center, Durham for the night of November 6th- due to a conference there the reservation is tentative and my home is available as an alternate accomodation. It is best that Mr. Walsh fly to Logan airport, Boston and take a C&J Limousine which comes to each airline area and picks up passengers according to the schedule I enclose in this letter. The limousine stops at New England Center, Durham and I will pick Mr. Walsh up - just let me know which limousine he will arrive on and I can reserve him a place ahead of time. I also enclose a course syllabus and a brief c.v. about myself. We are looking forward to receiving Mr. Walsh before 2PM on November 6th.

Sincerely yours,

*Douglas L. Wheeler*  
Douglas L. Wheeler
